The Congressional Caucus for Women's Issues was founded on April 19, 1977, by a small, bipartisan group of Congresswomen who gathered in a room in the U.S. Capitol to discuss the problem of spousal abuse. In the years that followed, the ever-increasing numbers of women elected to Congress have continued to meet to discuss and act on a wide range of issues affecting women and their families. The bipartisan spirit and cooperation reflected in the Caucus leadership continues today.
